## AMINE MOBILE RECLAMATION SERVICE IMPROVEMENT ANNOUNCEMENT

**Vancouver, June 8, 2012:** Our mobile service is now cleaner, quicker and more efficient than ever!

Based on a relentless commitment to offer leading edge amine cleaning solutions we now offer Reclamation clean+ using our mobile system. Previously this process was only available to customers using fixed units.

Reclamation clean+ delivers:

- √ An amine cleaning process that offers virtually no amine loss providing customers with significantly greater savings
- √ A salt waste stream containing virtually no amine
- √ No neutralization agent added to the amine
- √ Faster salt removal rates
